# Safe Use of Household Pesticides

## Vapour Releasing Product

- ✓ Avoid prolonged exposure to and inhalation of released vapour.

## Aerosol Dispenser

- ✓ Do not store or use under heat or near ignition source to avoid explosion.

## Bait

- ✓ Baits should be placed in locations inaccessible to children and pets to avoid accidental contact or poisoning.
- ✓ Application date should be written on the bait station to facilitate its replacement.

## Smoke Generator

- ✓ After application of fumigator and mosquito coil, adequately ventilate the treated area before re-entry.
- ✓ Clouds of white smoke will be generated during the use of fumigator. Users should turn off all electrical appliances and smoke alarms, and inform the management office before application to avoid misunderstanding.
