

公司简介/Company Profile:

彬野起重/BNYEL Cranes

彬野机械工程(上海)有限公司是全球领先的起重机及物料搬运产品的专业制造和服务供应商, 致力于起重机及物料搬运技术的发展和研究, 采用新理念, 开发新产品, 不断追求工业进步。公司凭借丰富的经验、专业的设计, 为客户提供自重轻、净空低、安全可靠、性能优良和运行高效的满足各种工况的起重机产品, 使客户能够减少厂房投资, 提高生产效率, 减少日常维护, 节省运营能源消耗, 取得良好的投资回报。BNYEL Mechanical Engineering (Shanghai) Co., Ltd. is a leading global crane and material handling products manufacturing and service provider, is committed cranes and material handling technology development and research, the use of new ideas, develop new products, the constant pursuit of industrial progress. With a wealth of experience, professional design, to provide light weight, low headroom, safe, reliable, excellent performance and operational efficiency to meet the various conditions of crane products that enable customers to reduce their investment in plant, increase production efficiency, reduce daily maintenance, saving operational energy consumption, making good return on investment.

领先的产品解决方案/Leading product solutions

公司产品涵盖了环链电动葫芦、钢丝绳电动葫芦、单双梁桥式起重机、门式起重机、自动化起重机、柔性KBK轻型起重机、旋臂吊、防爆葫芦、防爆起重机和手动产品等产品系列, 能够为客户提供有竞争力的全套物料搬运解决方案。我们拥有的技术专家和专业的技术服务队伍为客户提供完善的售前技术支持和全天候的售后服务体系, 我们锐意进取, 精益求精, 确保每个产品甚至每一个细小部件的高效可靠。让您无后顾之忧, 享受一站式的超值服务。已广泛应用于机械、冶金、电力、航空、模具、汽车、造纸、玻璃、食品、造纸、钢铁、机加工、塑料、家电和科研等领域。Products covered electric chain hoist, wire rope hoist, single and double girder overhead cranes, gantry cranes, automated cranes, KBK flexible light cranes, jib cranes, hoists explosion, explosion-proof cranes and hand goods and other products, can providing customers with a full range of competitive material handling solutions. We have technical experts and professional technical services team to provide customers with comprehensive pre-sales technical support and after-sales service around the clock body, we forge ahead, strive to ensure that each product efficiently and reliably even a small part of each. Let no looking back after that you enjoy one-stop premium services. It has been widely used in machinery, metallurgy, electric power, aviation, mold, automotive, paper, glass, food, paper, steel, machining, plastics, appliances and scientific research and other fields.

售后服务/SERVICE

尊敬的合作伙伴/Dear Partner:

您好! 非常感谢您对彬野机械工程(上海)有限公司的支持和

Hello! I really appreciate your confidence and support for BNYEL Mechanical Engineering(Shanghai) Co., Ltd., we are committed to the most suitable cranes and logistics handling solutions, we have improved the design, manufacturing and service sectors, all our production, sales products, our company to ensure the following services.:

证: 1. 按照我们公司标准配置(驱动圣音马达、电器施耐德、电缆台湾 ITS 和进口葫芦)的产品, 我们都质保二年, 二年内有任何问题, 无偿服务, 除人为损坏和操作不当的问题。According to our company's standard configuration (holy sound drive motors, Schneider Electric, cable hoist Taiwan and imported ITS) products, we are two years warranty, any problem within two years, pro bono, man-made damage and improper operation problems in addition.

2. 凡购买彬野的产品, 客户在使用过程中出现任何质量问题, 在接到客户反映后, 我们 2 小时内作出电话沟通, 电话沟通解决不了问题, 我们售后部必须在 24 小时内到达现场解决问题(限江浙沪和夜间), 并让客户满意, 最大限度的减少客户的停产损失。Where to BNYEL wild products, customers of any quality problems during use, after receiving the customers reflect, within two hours we made telephone communication, telephone communication can not solve the problem, we must arrive at the scene after-sales department solve the problem within 24 hours (limited to Jiangsu, Zhejiang and night), and customer satisfaction, minimize lost production customers.

3. 彬野作为中高端起重机的制造商和服务商, 我们所生产的产品都符合国家标准, 出现偷工减料或使用假冒产品, 我们接受向工商局和上海质量监督局举报处理, 我们愿意承担经济 and 法律责任。BNYEL as the high-end crane manufacturers and service providers, our products are in line with national standards, appear shoddy or counterfeit products, we accept the Trade and Industry Bureau and Shanghai Bureau of Quality Supervision, reporting process, we are willing to bear the economic and legal responsibility.

4. 对于起重机工作的环境和级别, 必须在做方案中提出, 如隐瞒恶劣的工作环境和级别的, 造成产品损坏的, 我们不予承担经济损失和无偿维修服务。The environment and the level of the crane work, must be made to do the program, as concealing poor working environment and working level, resulting in product damage, we will not bear the economic losses and unpaid maintenance services.
